If you have an Android, you'll see three vertical dots. If this is the reason, try deleting a playlist from your offline library. All you need to do now is click Download. Troubleshooting If it's not allowing you to download more songs, it may be because you've reached the irritating 3,333-songs-per-device limit. Desktop How to download liked songs on desktop Downloading your entire catalog of liked songs on a computer couldn't be easier — just open up the Liked Songs section of Spotify (using the Spotify application for MacOS or Windows) and flick the Download switch. Prerequisites Spotify is a bit picky about what it lets you download on certain devices, so here's a quick summary: On a desktop, you can save your liked songs and playlists for offline listening, but — unlike on mobile — albums and playlists are out of the equation. Just load up the collection you want to save and tap the Download switch in the upper-right corner. Editors' Recommendations Your browser does not support the audio element. The playlist will begin downloading, but keep in mind that it may take a little while depending on the size of the playlist and the speed of your internet connection. Vadi Pulla Vaadi DOWNLOAD MP3 Post navigation So, you've found a few songs or a great playlist on Spotify, but you'd like to listen to them offline. Click these dots, and you'll be directed to the information menu. Step 3. You'll see a download icon next to each episode, which lets you pick which episode you want to download. Note: If you're looking for a faster process, you can also click the three horizontal (or vertical) dots located right beside each episode. (If you don't, the download option will remain hidden.) Step 2. Next, toggle the Download slider in the upper-right corner of any playlist. Step 2: From here, tap Manage Downloads. Note: You don't have to be following a playlist or an album to download it on your mobile device. If you try to do this with no luck, you can turn around and disable offline listening on one of your other devices. Contents Prerequisites Desktop Mobile Troubleshooting Before you become too excited, you'll need a couple of things first: A device to store the songs on, an internet connection, and a Spotify Premium subscription. Luckily, Spotify has a way for you to download your favorite songs so you can enjoy them whenever you want. How to download a podcast on mobile Step 1: While watching a podcast (such as Trends with Benefits), you'll see three dots in the upper right-hand corner of the screen. It simply won't work if you attempt to download more. How to download playlists on desktop Step 1: When viewing a curated playlist you'd like to download, click the little heart-shaped icon, which is located directly to the right of the Play button, to save it to your library for easy access. Ltd. Vadi Pulla Vaadi song lyrics are penned by HipHop Tamizha, while the music Compose HipHop Tamizha. The tracks will then start downloading. Once saved, the playlist will be accessible from within the "Playlists" section on the left-hand side of the Spotify application for MacOS and Windows, alongside all your other playlists (even those not downloaded for offline listening).
